SHED ORDER (No.)

LPs/ALPs

Sub: New location of Neutral section of HPCT siding — Reg

Ref: SSE/TRD/UD letter No. KR/UD/TRD/TOK-JOKT-DBL/18/02 dtd. 18/04/25

Reference to vide above, in connection with on-going TOX-JOKT doubling OHE modification work, old '**Double Section Insulator type Neutral Section**' located at OHE mast HPCT/1096 has been dismantled and new '**Double Section Insulator type Neutral Section**' erected at OHE mast location - HPCT/1096 has been now made functional.

DJ ON/OFF boards and other associated caution boards are also shifted to appropriate locations. Details are as under:

Sr. No.	Type of caution board	Mast location where caution board displayed for incoming trains (i.e. towards HPCT side)	Mast location where caution board displayed for outgoing trains (i.e. towards JOKT side)
01	500 meter caution board	20/14	HPCT/1039
02	250 meter caution board	739/28	HPCT/1024
03	DJ open board	HPCT/1092	HPCT/1090
04	DJ close board	HPCT/1089	HPCT/1093

Therefore, you are hereby advised to follow the 'Double Section Insulator type Neutral Section' and associated caution boards displayed at locations as mentioned in above table.
